1 LAUNCH THE WEBSITE AND LOGIN

- To launch the website type in the URL:

https://sms-applicant-app.a-star.edu.sg/

This will load the login page as shown below:
For non-Singapore Citizen (non-SC) or non-Singapore Permanent Residence (non-SPR):

- To login to the portal click on the LOG IN button, you will be redirect to login page as shown below.
For Singapore Citizen (SC) or Singapore Permanent Residence (SPR):

- Please login using SingPass, click on button, you will be redirect to login page as shown below

- You will be redirected to the SingPass page as shown below.

- You can log to SingPass using QR code scanning using SIngPass App or Password login

- *Note: if you login using Password Login, you are required to enter SMS OTP for additional verification. Click on SMS OTP
• Upon successful SingPass Login, you will be redirected back to Applicant Portal and System will display the below popup if system could not find any account tied to your SingPass account

    For existing applicant with email login account

    • If you have an existing Applicant Portal account, Click on Yes to link your account to your SingPass account (One time setup)

    • You will be redirect to email login page as shown below
Upon successful email login, you will be redirected to home page of Applicant Portal.

For new applicant with no existing account
- If you do not have an existing Applicant Portal Account, click on No. System will redirect you to Registration Page.
2 **2FA Initial Setup (for non-Singapore Citizen (Non-SC) or non-Singapore Permanent Residence (Non-SPR))**

- After login to the portal, system will ask you to setup Two Factor authentication for the account if 2FA is not setup before.

- Click OK, you will be redirected to 2FA Setup page in Applicant Portal.

- Click on Generate QR Code button to load the 2FA setup QR code.
3 **DOWNLOAD 2FA AUTHENTICATOR (FOR NON-SINGAPORE CITIZEN (NON-SC) OR NON-SINGAPORE PERMANENT RESIDENCE (NON-SPR))**

Please download the 2FA Authenticator of your choice (Microsoft Authenticator, Authy etc.) in your mobile from App Store/Google play Store as shown below.

After download, open the authenticator app
4  **SETUP 2FA ACCOUNT (MICROSOFT AUTHENTICATOR) FOR non-SINGAPORE CITIZEN (NON-SC) OR non-SINGAPORE PERMANENT RESIDENCE (NON-SPR):**

- *Note: If you do not have mobile phone or unable to download mobile authenticator application, please download desktop version of authenticator application of your choice instead.*

- After opening the 2FA authenticator (Microsoft Authenticator), click on “Add Account” and then choose “Other (Google, Facebook, etc)”.

- Scan the QR Code on 2FA setup page on scholarship portal.
• The app will display 6-digit code which you need to enter in the 6 digit validate code textbox shown in step 2 in the scholarship portal.

Unable to load QR code, enter manual setup code instead

• If you are unable to scan the QR code or if QR code cannot be displayed on the browser, you can enter manual setup code in the mobile by clicking on “Or enter code manually” link.

• The manual setup code is shown on the 2FA setup page on your screen in scholarship portal as shown below.

![2FA Setup](image)

• Enter the Manual Setup Code manually in their mobile as shown below and Click on Finish button.
• You will get 6 digit generated code in the authenticator app

QR Code validation
• In the scholarship portal, enter this 6 digit code in the 6-Digit Validate Code textbox provided.
  
  Enter the 6 digit code generated by 2FA Authenticator App for this portal

• Click on “Validate Code” button.
• 2FA setup has been completed for your account.
5 Subsequent 2FA Login for Initial 2FA Setup Completed (For non-Singapore Citizen (non-SC) or non-Singapore Permanent Residence (non-SPR))

- User need to use the below URL to login.
